1.1 Eligible tenders

Tenderers are deemed **ineligible** to submit a tender if

- Tenderers have the nationality of a country on any international sanctions list. A tenderer shall be deemed to have the nationality of a country if the tenderer is a national or is constituted, incorporated, or registered and operates in conformity with the provisions of the laws of that country. This criterion shall also apply to the determination of the nationality of proposed subcontractors or suppliers for any part of the **Contract** including related services.

- Tenderers submit more than one tender either individually or as a partner in a joint venture (JV) or consortium

- Tenders submitted by a JV or consortium where the JV/consortium agreement does not explicitly state that the parties of the JV or consortium shall be jointly and severally liable for the execution of the Contract in accordance with the Contract terms.

- A Tenderer shall not have a conflict of interest. All Tenderers found to have a conflict of interest shall be
A Tenderer may be considered to have a conflict of interest with one or more parties in this tendering process, if:

- (a) they have a controlling partner in common; or
- (b) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about or influence on the tender of another Tenderer, or influence the decisions of the Employer regarding this bidding process.

Tenders signed by non-authorised persons.

- It is a requirement for the supplier to be registered on CSD (in terms of National Treasury Instruction Note Number 4a)

**Ineligible tenderers will be disqualified.**

1. DECLARATION OF INTEREST

I/We understand that any natural/legal person, including employees of the State and/or those related to an Eskom employee/director (as per the definition of “related” set out hereunder), may tender to Eskom. However, in view of possible allegations of favouritism (the practice of showing favour to, or giving preference to some person/group, to the detriment of, or at the expense of another that is entitled to equal treatment or an equal opportunity), should the resulting tender, or part thereof, be awarded to such natural/legal person, as described herein, it is required that the tenderer/s declare such interest/relationship where:

- the tenderer/s employees/directors are also employees/contractors/consultants/directors in the state or a state owned entity.
- the tenderer/s employees/directors are also employees/contractors/consultants/directors of Eskom
- the tenderer/s employees/directors are also employees/contractors/consultants or directors in another entity together with Eskom employees/consultants/contractors/directors
- the legal person/s (including its employees/contractors/directors/members/shareholders) on whose behalf the tender documents are signed, is in some other way "related" to an Eskom employee/contractor/consultant/director involved in the tender evaluation/tender adjudication/tender negotiation. “Related” meaning that:-
  - an individual is related to another individual of they are married, or live together in a relationship similar to marriage;
  - or are separated by no more than two degrees of natural or adopted consanguinity or affinity;
  - an individual is related to a juristic person if the individual directly or indirectly controls the juristic person, as determined in accordance with the definition of “control” (as per Companies Act section 2(1) ); and

- a juristic person is “related” to another juristic person if :-
  - (1) either of them directly/indirectly controls the other, or the business of the other, as determined in accordance with the definition of “control”(as per Companies Act section 2(1) );
  - (2) either is a subsidiary of the other; or

ANNEXURE D

DECLARATION CERTIFICATE FOR LOCAL PRODUCTION AND CONTENT

Before completing this declaration, tenderers must study the General Conditions, Definitions, Directives applicable in respect of Local Content as prescribed in the Preferential Procurement Regulations, 2011 and the South African Bureau of Standards (SABS) approved technical specification number SATS 1286:201x.

1. General Conditions

1.1. Preferential Procurement Regulations, 2011 (Regulation 9.(1) and 9.(3) make provision for the promotion of local production and content.

1.2. Regulation 9.(1) prescribes that in the case of designated sectors, where in the award of tenders local production and content is of critical importance, such tenders must be advertised with the specific tendering condition that only locally produced goods, services or works or locally manufactured goods, with a stipulated minimum threshold for local production and content will be considered.

1.3. Regulation 9.(3) prescribes that where there is no designated sector, a specific tender condition may be included, that only locally produced services, works or goods or locally manufactured goods with a stipulated minimum threshold for local production and content, will be considered.

1.4. Where necessary, for tenders referred to in paragraphs 1.2 and 1.3 above, a two stage tendering process may be followed, where the first stage involves a minimum threshold for local production and content and the second stage price and B-BBEE.

1.5. A person awarded a contract in relation to a designated sector, may not sub-contract in such a manner that the local production and content of the overall value of the contract is reduced to below the stipulated minimum threshold.

1.6. The local content (LC) as a percentage of the tender price must be calculated in accordance with the SABS approved technical specification number SATS 1286:201x as follows:

\[
LC = 1 - \left( \frac{x}{\text{imported content}} \right) \times 100
\]

Where

x imported content
y tender price excluding value added tax (VAT)

Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by South African Reserve Bank (SARB) at 12:00 on the date, one week (7 calendar days) prior to the closing date of the tender as indicated in paragraph 4.1 below.

1.7. A tenderer will be disqualified if:

- the tender fails to achieve the stipulated minimum threshold for local production and content indicated in paragraph 3 below; and.
- this declaration certificate is not submitted as part of the tender documentation.

2. Definitions

2.1. “tender” includes advertised competitive offers, written price quotations or proposals;

2.2. “tender price” price offered by the tenderer, excluding value added tax (VAT);

2.3. “contract” means the agreement that results from the acceptance of a tender by an organ of state;

2.4. “designated sector” means a sector, sub-sector or industry that has been designated by the Department of Trade and Industry in line with national development and industrial policies for local production, where only locally produced services, works or goods or locally manufactured goods meet the stipulated minimum threshold for local production and content;

2.5. “duly sign” means a Declaration Certificate for Local Content that has been signed by the Chief Financial Officer or other legally responsible person nominated in writing by the Chief Executive, or senior member / person with management responsibility(close corporation, partnership or individual).

2.6. “imported content” means that portion of the tender price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or its subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs, such as landing costs, dock duties, import duty, sales duty or other similar tax or duty at the South African port of entry;
2.7. “local content” means that portion of the tender price which is not included in the imported content, provided that local manufacture does take place;

2.8. “stipulated minimum threshold” means that portion of local production and content as determined by the Department of Trade and Industry; and

2.9. “sub-contract” means the primary contractor’s assigning, leasing, making out work to, or employing another person to support such primary contractor in the execution of part of a project in terms of the contract.

3. The stipulated minimum threshold(s) for local production and content for this tender is/are as follows:

</tbody>
</table>

If the tender is for more than one product, a schedule of the local content by product shall be attached.

(d) I accept that Eskom has the right to request that the local content be verified in terms of the requirements of SATS 1286; and
(e) I understand that the awarding of the tender is dependent on the accuracy of the information furnished in this application. I also understand that the submission of incorrect data, or data that are not verifiable as described in SATS 1286, may result in the Procurement Authority / Institution imposing any or all of the remedies as provided for in Regulation 13 of the Preferential Procurement Regulations, 2011 promulgated under the Policy Framework Act (PPPFA), 2000 (Act No. 5 of 2000).

ANNEXURE E

CPA REQUIREMENTS FOR LOCAL (SOUTH AFRICAN) AND FOREIGN GOODS/SERVICES

THE APPLICATION OF CONTRACT PRICE ADJUSTMENT (CPA) TO TENDER SUBMISSIONS

This Section will not be applicable to professional services contract

1. APPLICATION OF CPA

Eskom requires tenderers to submit offers that are in full accordance with the Project Sourcing CPA principles as contained below.

Eskom will afford Tenderers an opportunity to propose additional/alternate offers to the abovementioned. Additional Offers, which are optional, will only be considered if a fully compliant Main Offer is submitted and acceptable.

CPA conditions may apply if the contractual duration is to be longer than 12 months. If the contractual duration will be less than or equal to 12 months, a fixed priced offer must be submitted.

2. TENDER SUBMISSIONS

Tenderers shall comply with the following requirements:

a. Main offer:

   • A Main Offer that is fully compliant with the CPA requirements as specified in the Enquiry.

   • This condition is mandatory unless a fully fixed priced offer is submitted. If more than one offer is submitted, then the fully CPA compliant offer must be indicated as the Main Offer.

   Failure to do so may result in the supplier’s offer(s) being disqualified.

b. Additional/Alternative offer:
Additional offers, which are optional, will only be considered if a fully compliant main offer is submitted and acceptable:

- A fixed priced offer in addition to the fully CPA compliant main offer; or
- Any other offer with CPA specifications which deviate from the CPA requirements specified in the enquiry. However it is compulsory that all such deviations are sufficiently substantiated.

Additional/Alternative Offers must be clearly indicated as such

3. ESKOM’S PRESCRIBED INDEX LIST

Eskom’s prescribed index list is set out hereunder in Tables 1 and 2. The index list comprises indices that are to be used in the Tenderers main offer.

4. FOREIGN PORTION OF THE TENDER/AGREEMENT PRICE

In instances where the prescribed index list does not specify a foreign index which is required for the specific agreement, the following must apply:

- The source of an index must be that of the national statistical institute of the relevant country or a generally acknowledged statistical (e.g. industry) body in or for that country, e.g. BEAMA and MEPS.
- The index must be the equivalent, or if unavailable, the nearest equivalent index to that of the specific prescribed local index.

5. NUMBER OF FORMULAE & INDICES

- The Tenderer is Ltd to a maximum of 10 (ten) indices in total, i.e.: a maximum of 5 local indices and maximum of 5 foreign indices, excluding the fixed portion per CPA formula, per offer/agreement.
- The Tenderer is Ltd to a maximum of 10 (ten) CPA formulae, i.e.: a maximum of 5 for the local portion and a maximum of 5 for the foreign portion, per offer/agreement.

6. CPA FIXED PORTION

A minimum of 15% of the total agreement value is to be fixed when a CPA formula applies; except in the case of professional services or consulting agreements.
7. **BASE DATE**

- In instances of indices or other references published monthly, the Base Date is to be: *The month before the month in which the Enquiry closes*
- In instances where the reference figures, e.g. market prices, are published daily or at more intervals than once a month: *The average for the month before the month in which the Enquiry closes*
- In this case, the following shall apply:
  - Where the average is published: *The average published price in the currency Eskom will be exposed to. e.g. The currency in which Eskom will effect payment*
  - Where a high, low and mean are published: *The mean*
  - Where other prices than the Cash Settlement or Cash Sellers Price are published: *The Cash Settlement or Cash Sellers Price*
- Where applicable, these principles, must also apply for the CPA “cut-off” date.

8. **CPA FOR PROFESSIONAL SERVICES**

The preferred index to be used for adjusting these agreements is the country specific CPI Headline index.

The price adjustment factor will be effective from each contractual anniversary of the base date. This must be the average of the country specific CPI Headline index figures published for the last twelve month period (cycle) ending before the contract anniversary date.

No fixed portion is mandatory.

CPA REQUIREMENTS FOR FOREIGN GOODS AND SERVICES

CONTRACT PRICE ADJUSTMENT AND FOREX PAYMENTS – IMPORTATION

Failure to propose contract price adjustment methods, either by completing this document or proposing alternative methods for any portion of the tender price, will lead to that portion of the tender price being considered fixed.

Where space in this document is insufficient, the tenderer shall submit the required information on separate schedules, duly referenced to this document.

Where foreign exchange is involved, and Eskom will cover the risk forward, the methods of payment listed in Part 1 are the only acceptable methods. It must be noted that Eskom considers Payment Method 1 to be the default payment method.

PART 1: PAYMENT OF FOREIGN COMMITMENTS

Payment of Eskom’s foreign commitment in foreign currency will be made either:

Payment Method 1:

a) To a nominated bank account in a foreign country in a foreign currency (payment will be made to the party and account nominated by the supplier in the contract, and not to any other party);
Applicable (Y / N)
b) To a valid SARB approved CFC account in South Africa, in a foreign currency (payment will be made to the party and account nominated by the supplier in the contract, and not to any other party). Service related payments are excluded from this option;

**Applicable (Y/N) or**

**Payment Method 2:**

In South African Rand at the selling spot rate of exchange obtained by Eskom’s Treasury on the date that the forward cover is cancelled. Eskom will notify the supplier of the date that the forward cover is cancelled as well as the intended payment date, which will be as per the agreed payment terms. Any exchange rate adjustment after Eskom has notified the supplier of the date and the rate which the forward cover is cancelled, will be for the account of the supplier.

**Applicable (Y/N)………..

An indemnity in writing confirming that the supplier will not buy forward cover is required where Payment Method 1 or 2 is contracted.

*[Payment Method 2 must be accepted by the Commercial Policy and Procedure Manager before the tender documentation is sent out, but at the latest before the tender closing date. If it is not approved before tender closing, Payment Method 1 will be the default.]*

Eskom will require substantiating proof of importation at the time of invoicing, regardless of which payment method is selected.

Where goods were previously imported into stock by the supplier, for delivery to various customers, including Eskom, the price quoted must be in South African Rand. In such cases Eskom will not undertake any foreign exchange commitment or arrange forward cover.
Provided that the tenderer nominates either Payment Method 1 or 2 as the main tender offer, an alternative payment method offering a fixed price not subject to exchange variation may be offered for Eskom's consideration.

Where Payment Method 2 is used and the exchange rate variation is favourable to Eskom at the date of payment, Eskom will debit the difference between the invoice value and the amended value at the date of payment, based on the selling spot rate of exchange obtainable by Eskom's Treasury on the notified payment date.

**PART 2: EXCHANGE RATES**

The tenderer shall use the exchange rate as at the time of preparation of the tender and shall stipulate the date of the rate used in the tender.

Any request for a change of currency during contract execution, shall be substantiated by the requesting party and be mutually agreed by the parties to the contract. The requesting party shall be liable to absorb all related costs that Eskom has incurred, in relation to the affected portion, in securing the hedge, including any losses that Eskom may suffer as a result of cancellation of such forward cover;

Eskom must not be placed in a worse position than before the requested change, thus the Contractor will be paid in either:

- the rate at which the cover was cancelled, or
- The tendered rate of exchange.

**PART 3: ADJUSTMENT OF IMPORTATION COSTS, ETC**

The values in Rand included in the tender/contract price for the following costs shall be based on rates ruling for the month prior to the closing date of the tender and any variation in these rates applied to the value included in the tender price will be for Eskom’s account.
PART 4: ADJUSTMENT OF OVERSEAS MANUFACTURE, EXPATRIATE LABOUR AND OTHER COSTS *(To be read in conjunction with Eskom CPA Index)*

Eskom requires a fixed portion (free of price adjustment) appropriate to the nature of the contract.

The methods/formulae proposed in this part shall clearly identify the base month, the period over which adjustment will apply, the elements of labour and materials and source of the indices/rates/prices to be used.

The source of indices/prices/rates nominated in this part shall be from a recognised publishing authority. It must be clearly and completely defined. Supplier in-house indices are not acceptable.
The value of overseas manufacture, labour and material costs (ex-works), inland transportation, expatriate labour, etc. included in the tender/contract price shall be subject to adjustment in accordance with the methods stated hereunder.

The base indices/prices/rates shall be those ruling for the month prior to the month of the closing of the enquiry.

4.1 MANUFACTURING CPA METHOD (LABOUR AND MATERIAL)
Please submit your proposals for this section on a separate sheet of paper as an annexure.

4.2 EXPATRIATE LABOUR METHOD
Please submit your proposals for this section on a separate sheet of paper as an annexure.

4.3 OTHER VALUES METHOD (e.g. Engineering fees, design fees, barging, inland transportation, etc)
Please submit your proposals for this section on a separate sheet of paper as an annexure.

PART 5: ADJUSTMENT OF LOCAL MANUFACTURE/SUPPLY MATERIAL, TRANSPORT AND ERECTION COSTS
The contract price adjustment method for local manufacture or partly local manufacture from imported stock, equipment or plant cost, transport cost within the RSA and local erection/installation cost shall be in accordance with the attached Eskom CPA Principles

PART 6: GUIDELINES FOR CONTRACT PRICE ADJUSTMENT CLAIMS --- PART 2, 3 AND 4
1 When the percentage increase or decrease between two indices/prices/tariffs is calculated, the earlier figure shall be taken as the base.
2 Where portions of the works are delivered at different times, contract price adjustments shall be made in respect of appropriate portions of the contract price.

3 Where the terms of payment of the contract allow progress payments, other than Eskom’s standard payment terms, the agreed contract price adjustment method shall be applied to the value of such payment and to the date and level of completion to which payment is linked.

4 Where any figure given in a table is therein stated to be a provisional figure or is subsequently amended, the figure as ultimately confirmed or amended in the publication concerned shall apply.

5 Where the appropriate claim indices/prices, as defined in terms of the agreed formulae, are not available or are provisional, interim claims based on the last published confirmed or revised indices/prices as at the date of delivery/installation may be submitted. When the confirmed or revised index/price becomes available the final claim may be submitted, provided that such claim is received within 180 days of the date of delivery/installation.

6 Where requested by Eskom the contractor shall submit publications showing base indices/prices/rates as they become available as well as updated values at three monthly intervals during the course of the contract.

7 Where it is considered necessary Eskom reserves the right to call for any documentary evidence to substantiate claims.

TENDER DOCUMENT BINDING

Importance of Tender Document Binding:

- First impression of your business to the recipient / evaluators although it may be costly.
- Documents are easily processed, cared for, accessible, stored, not easily tear and be misplaced.
- To be able to find context without difficulty.

Recommended Tender Document binding:

- Do not submit your tender in separate loose pages and put together with a rubber band even if they are put in an envelope to avoid getting misplaced.
- Bind / file big tenders documents separately according to their evaluation criteria rather than forcing all pages in one file for easy processing e.g. Commercial File, Technical / quality / Environmental, Financial File etc. depending on the requirements.
- Please do not use plastic dividers, rather use paper dividers for easy processing.
- Index your files according to the dividers to enable find context without difficulty.
- Label your tender files on the outside accordingly and state the number of files e.g. 1 of 4 to avoid getting misplaced.
- Put your tender in a sealed envelope. If not practical because of volumes, pack files in a box, seal and label accordingly.
- Remember to tender in duplicate (plus a soft copy if requested) meaning, submit one original plus one copy of the original and a soft copy if requested.
How to label your tender on the outside package:

ENQUIRY NUMBER: MPGXC00....

CLOSING DATE:
TENDER BOX
TENDER CENTRE, GROUND FLOOR
10 SMUTS AVENUE
EMALAHLENI / WITBANK
MPUMALANGA

Different types of Tender Binding:

1. Tape Binding

   Tape binding is the most recommendable binder for your tenders to ensure safety, avoid tempering, pages not missing and easy accessibility for different evaluators. However, the files must be separated according to their evaluation criteria to avoid thick files for easy processing. The recommended thickness of each file is about 3cm.

2. Spiral (Comb) Binding
3. Lever Arch File

Please use two ring binders **PLEASE NOT FOUR RING BINDERS** for easy processing. Always remember to bind original and copy files together when launching tender in the tender box.
